

Drakenstein Food Centre

The operation of the Drakenstein Food Centre began in May of 2008 and operates out of a 530 square meter Food Centre which houses both a kitchen and a bakery. The kitchen and bakery are outfitted with seven industrial soup pots, one baking oven and two muffin ovens. The Drakenstein Food Centre has the capacity to produce **10,000 meals per day**. It is responsible for all of our feeding activities in the Drakenstein and Stellenbosch municipal areas.

By being Jesus' Hands and Feet in the community, the Drakenstein Food Centre aims to ensure that **no child goes to bed hungry**.

Description of programmes

- Faced programme "Feed A Child Every Day"
- Targeted Feeding Programme
